

## Application to become a member of the Association Kangourou Sans Frontières (AKSF)

The International Association Kangourou Sans Frontières is an independent association, formed according to the provisions of the French law of the 1st of July 1901. Its purpose is to promote the spreading of basic mathematical culture by all means and, in particular, to organize the annual Kangourou contest to be held on the same day in all participating countries.

Details of the organization

Signature of authority of corporation: \_\_\_\_\_

Signature of representative of corporation  
being nominated as agent to KSF: \_\_\_\_\_

Official stamp of the organization: \_\_\_\_\_

Date: \_\_\_\_\_

Please send the completed application form to the email address [luis.caceres1@upr.edu](mailto:luis.caceres1@upr.edu). Your application will be considered by the Board of the AKSF. If the Board agrees to support your application, you will be invited to make a presentation to the Board via Skype conference or you will be invited to send a representative to the annual meeting of the AKSF, where the problems for the next year are chosen. If the application is successful, during the meeting the Board will propose that your country becomes an applicant or provisional member. Once elected, you can start organizing the competition a pilot project with the help of one of the full KSF members. The country becomes a regular member according to the Bylaws of the AKSF. You may find more information, including the Charter, Bylaws, and Statutes, by visiting <http://www.aksf.org/>.
